## ALGEBRA 1 EOC BOOT CAMP

Dear Parents,

I will be hosting a free after school boot camp to help Algebra 1 students prepare for the high stakes End of Course (EOC) Exam in May. This is strictly a voluntary class but it is highly recommended that your child attend if they have struggled in Algebra 1 or would just like to take advantage of additional preparation. This class is not meant for individualized tutoring. It is a class designed to help students pass the EOC.

If you are interested in your child attending, please reserve a spot by emailing me at [ksaddler@pasco.k12.fl.us](mailto:ksaddler@pasco.k12.fl.us). Your sign up will ensure that I have enough materials. The school will also provide a free “super supper snack” to any student signed up.

The dates and times are listed below and are subject to change.

January 27, 2016 2:00-2:45pm  
February 3, 2016 2:00-2:45pm

There will be additional days scheduled beyond April 14, 2016. As soon as I have those days scheduled I will send home another letter to inform you. I look forward to having your child attend my boot camp. Please make sure you have provided transportation in advance as supervision will not be provided after the end time of class.

Thank you for your support,
