

Pasco County Schools

Kurt S. Browning, Superintendent of Schools

7227 Land O' Lakes Boulevard • Land O' Lakes, Florida 34638

Dear Parent/Guardian of :

In our continuing effort to communicate with parents/guardians regarding school bus stops, the Pasco District Schools Transportation Services Department is providing this additional opportunity to confirm your child's bus stop for the start of school on August 13, 2018.

Starting July 1, 2018, bus pass information will be updated for the upcoming 2018 – 2019 school year in the District's student information system, myStudent.

After July 1, 2018 please take a moment to confirm the stop location listed in myStudent is the stop your child intends to use at the start of the 2018-2019 school year.

If the information is correct, you do not need to do anything.

If this information is incorrect, please contact the school or your Transportation Compound below prior to August 1st so it can be corrected. There will be NO new bus stops added after August 1st. If your child does not have bus transportation arranged prior to the August 1st deadline, you will need to choose the closest existing stop, or you will have to provide your child's transportation to and from school for the first 10 days.

Remember that this information is for the 2018 - 2019 school year, which begins August 13, 2018. If you move from your current address, please be sure to notify the front office at your child's school immediately. Our goal is to provide your child with the safest transportation service possible. Accurate information in our database will help keep students safe and assist in avoiding delays at the start of the new school year.

While our goal is to limit ride times to one hour or less, if your child is enrolled in a specialized program such as ESE, McKay, 504, SIT/Homeless, NCLB, IB, Gifted, Cambridge, OSP, High School Academies, Magnet Programs, Cyesis, Alternative School, or SOS, there may be a ride time exceeding one hour.

Should you have questions about your child's bus stop location for the coming year, or if there are any other school bus transportation questions, please feel free to contact us at one of the following Transportation Compound phone numbers provided below.

The Transportation Services web site might also help with general questions and information. Visit us at: <http://www.pasco.k12.fl.us/transportation/>

We look forward to a great start of the new school year.

Regards,

Gary Sawyer
Director of Transportation Services
